Pump Features

- Designed to pump both high and low pressure simultaneously
- Lightweight, corrosion-resistant aluminum construction (bronze optional)
- Low Pressure Impeller Wear-resistant, anodized aluminum, flame-plated hubs
- High Pressure Impeller Bronze
- Stainless Steel Impeller / Bronze Wear Ring
- Automatic piston primer
- Automatic thermal relief valve
- Self-adjusting mechanical seal
- Anodized aluminum or bronze intake with 30° droop, two (2) auxiliary 4" side flanges
- Anodized aluminum or bronze discharge manifold with six (6) outlets
- Interstage Crossover Valve incorporates both a built-in high pressure relief valve and a removable strainer for the high pressure stage inlet

Conditions of Sales

For details on Waterous Conditions of Sales, refer to F-2190, *Conditions of Sales* located on the Waterous web site at www.waterousco.com or by contacting Waterous.

HL400 Model

| HL Series Pump Weight | | | | | | | |
|-----------------------|--------|-----|--|--|--|--|--|
| Model | Pounds | kg | | | | | |
| HL200 | 218 | 100 | | | | | |
| HL300 | 227 | 103 | | | | | |
| HL400 | 275 | 125 | | | | | |

Optional Equipment

Round the Pump (RTP) Foam Proportioner:

The Waterous RTP Foam Proportioner consists of an eductor, foam proportioning valve and an ON/OFF control valve. When activated, a portion of the pump discharge flow is directed to the eductor, causing a pressure drop in the eductor, which draws foam concentrate through the proportioning valve. The foam mixes with the water flowing through the eductor. The foam solution then enters the pump through the pump intake and finally delivered to the discharge outlets.

Instrument Panel:

Contains High Pressure, Normal Pressure, Compound Pressure Gauges and Tachometer.

K Series Transmission:

The K Series Transmission is normally used when a truck transmission mounted power take-off is selected as the pump drive.

Housing: Aluminum

 $\ensuremath{\textbf{Gears:}}$ Helical, precision cut, crown shaved for proper load distribution and quiet operation.

Material:

Bronze construction available.

Total Protection Package (TPP-5)

The Total Protection Package is a comprehensive warranty that increases your standard 7 year warranty to include labor expenses to dismantle, remove and reinstall covered products or parts for a period of five years
